

## **Assembly Technician**

Mo-Sys Engineering Ltd

£22,000 p/a (increase to £24,000 p/a on successful probation)

Permanent, Full-Time

London, SE10 0PA

### **About the Role:**

This is a rare opportunity to work with an innovative designer and manufacturer of advanced camera robotics and virtual technologies for the high-end film and broadcast industry.

As an Assembly Technician, you will work within our assembly team undertaking the physical assembly of component parts according to assembly instructions and specified timelines. We're looking for someone with assembly skills, attention to detail and ability to work to strict deadlines.

### **What You'll Do:**

- Follow instructions and specifications to solder and assemble small wires and cables
- Complete assemblies as per schedule
- Raise any problems encountered in a timely manner with the Production Manager or relevant person to ensure that problems can be dealt with swiftly
- Work on product repairs as guided by the Production Manager
- Maintain your work environment and store parts and tools in an orderly manner
- Contribute to the efficient operation of the workshop
- Comply with Health and Safety regulations

### **What We're Looking For:**

- Soldering skills
- Good hand-eye coordination and manual dexterity working with and assembling small components
- Ability to select and use small tools
- Ability to cope with a diverse and rapidly changing workflow
- Good communication and interpersonal skills to develop good working relationships with colleagues

### **Benefits:**

- Regular office hours
- Casual office environment
- Private health insurance
- Group life insurance
- Subsidised healthy lunch
- Discretionary annual bonus
- Summer BBQs and social events

**About Us:**

We ship to broadcasters in 50+ countries to a customer base including BBC, Fox, CNN, ESPN and Sky. Mo-Sys remote heads and robotics are used on many Hollywood blockbusters including Life of Pi, Birdman, Shape of Water, Tron, Source Code and Adjustment Bureau. We have also delivered boundary-pushing technology projects in close collaboration with clients like Red Bull Air Race and the film Gravity.

We pride ourselves on having endless creativity, a “can do” attitude and a friendly family feel to the company. We’re looking for people who want to make a difference and have a hardworking and collaborative attitude.

The above list of job duties is not exclusive or exhaustive and the post holder will be required to undertake such tasks as may reasonably be expected within the scope and grading of the post. Job descriptions should be regularly reviewed to ensure they are an accurate representation of the post. (07/10/2021).
